MEMORANDUM FOR: Chief, Regulations Control Staff

SUBJECT : Revision of [] Clearance of
Personnel for Duty with CIA

25X

1. It is requested that your staff take appropriate action to republish [] with an amendment which will provide to the Deputy Director for Administration the authority to grant exceptions in applicant cases being processed under [].

2. This revision was proposed by the Deputy Director for Administration to the Director of Central Intelligence, and approved by the latter on 8 August 1974. (Copies of appropriate correspondence attached.) It appears that this action would satisfy requirements for a specific delegation of authority by the DCI, as specified by the Office of General Counsel in a previous consideration.

3. It is not believed inconsistent to have the Deputy Director for Administration authorized to grant exceptions for applicants with alien spouses while requiring DCI approval for continued employment of employees desiring to marry aliens. This Office suggests, however, that the proposed change in approval authority of [] be coordinated with the Office of Personnel, since [] which refers to procedures outlining marriage to aliens by employees is an Office of Personnel regulation.

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : Exception to Permit Employment Processing

Sir:

1. I recommend your approval of the attached memorandum of 25 July 1974, which would permit the Office of Medical Services to employ a highly qualified physician [redacted] Both the Director of Security and the Director of Personnel have concurred with Dr. Tietjen on this.

2. As a separate related facet of this, I also feel quite strongly that the referenced regulation is unduly restrictive, and that the Deputy Director for Management and Services should be delegated the authority to approve these routine cases, where there is no substantive problem. I feel sure that completely adequate procedures could be established, with a sign-off by the sponsoring Deputy Director, so that there would be no abuse of this delegation, and certainly no erosion of security.

3. With your approval, I will sponsor a change in Headquarters [redacted] coordinating with the DDO, DDI, DD/S&T, OGC, IG, and other appropriate components.
